EDUCATION

Carnegie Mellon University **BFA: Industrial Design 2017**

Courses:

Design Thinking
How People Work
Generation of Form
Human Experience in Design
Computing for Creative Practices
Intro to Photo Design
Intro to Psychology
Design History
Design Studio I & II
Design Drawing I & II

EXPERIENCE

Intel PRC | Design Intern

Beijing, CN | June 2014 - August 2014

Designed new product video, internal presentations, promotional images, and visual representations of company data

Carnegie Mellon Telefund | Fundraiser

Pittsburgh, PA | October 2014 - Present

Called alumni and parents to ask for donations on behalf of CMU while fostering good feelings for the university

Merit Badge University | Volunteer

Pittsburgh, PA | March 2014

Taught art and art history to Boy Scouts

Yang Yi Guzheng Academy | Teacher

West-windsor, NJ | September 2010 - August 2013

Taught the Chinese musical instrument Guzheng to children and adult students

SKILLS

Solidworks Digital Prototyping
Basic: Processing, HTML, CSS
Multiple wood working tools
Model Making
Storyboarding
Sketching
Adobe Photoshop
Adobe Illustrator
Design Research
Experience Design
Interface Design
Product Design
Visual Design
Photography
Microsoft Office
Mandarin
Guzheng

PROJECTS

Flow Form

Explored curves, intuitive product use, detailed design implications in form, and empathetic form to design and craft a wooden spatula.

Roto Form Vessel

Given a plant, a stone, and stick, I designed a vessel that served as a cohesive environment for the items by incorporating elements from the items themselves.

Primitive Hand Tools

Designed a cohesive hand axe and a piercer that had to guide the hand, rotate the body, and suggest its action through its primitive form.

Water Usage Awareness

Designed an interactive shower where users "built" their own showers to realize the large amounts of water they used.
